### PLEASE NOTE

TBA referee to be advised We need to find a referee for these games  
TAC referee to be confirmed We need to confirm availability of referee

As our referees are mainly from the playing ranks and we thank them for their efforts and participation, the nature of some teams play and players may not be compatible with all referees.

Players need to change their attitude toward referees and Captains need to take control of their players to ensure we have a positive atmosphere

The rules state “ Captains” are responsible for their players.

As Captain you will be sent from the field with your player if you have a player sent off.

These rules are set in place to protect us all, and make the game enjoyable for all

Graham & Malcolm
